

Chateau **Herálec**

Red velvet, silver wind

„Spring is wonderful, but summer is just so much better!“

The whole year we look forward to the summer season, we have already been thinking about for a couple months, what new things we could add to our Honoria restaurant. Summer is the only season of the year, where a chef can cook from truly the freshest and most aromatic produce.

Just from a short walk in the garden, field or the park, you can find a variety of herbs and produce, that can elevate an ordinary starter into an extraordinary experience. This exact feeling and thought, I am trying to convey into the plate, that leaves our kitchen.

From our summer menu, every dish is truly delicious.

But if I would have to select a few of the dishes we have to offer, I would recommend the marinated trout with tomato salsa and guacamole.

For this summer season, we have decided to bring back into the menu lamb meat. On one plate, you will be able to taste two of its preparations – braised lamb leg and my favorite lamb patty.

Do you still have room for dessert?

Probably no fruit belongs more into the summer season, than apricots. Refresh yourself with our apricot tartlet with a lavender ice cream.

Have a wonderful summer and enjoy your meal!
